

### CRANBROOK HILL GREENWAY

We have access to a multi-use trail system right out back of our paddocks.

**Cranbrook Hill Greenway** is a protected greenway trail corridor located in the forested hills and the open meadows high above the community of Prince George. Established in 1997 - 1998, the protected corridor was built in 3 phases and now covers over 300 hectares of green space with over 25 kilometres of trails.

The multi use trail is maintained by a community group and is a popular trail system used by joggers, bikers, walkers, xc skiers, snowshoers and horseback riders. No motorized vehicles permitted on the route. The trail is somewhat of a commuter trail as it connects the Otway Ski Centre to UNBC to Blue Spruce.

The Cranbrook Hill Greenway is best explored in three sections. The shortest section explores a birch tree forest for 0.8 kilometres connecting UNBC to the Forest of the World. The UNBC to Blue Spruce section is 5.8 kilometres navigating through Douglas Fir and birch trees leading to a viewpoint. The UNBC to Otway trail section is 18 kilometres and the most difficult part of the greenway.

### HORSEBACK RIDING LESSONS

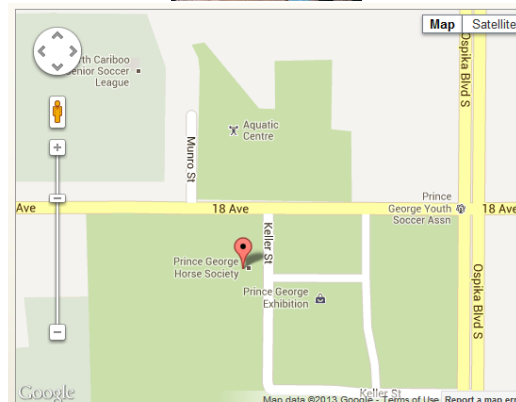

We have approved, qualified instructors who teach a variety of disciplines and ages, both English and Western, out of the Prince George Agriplex. Susie & Donna supply school horses to those who don't own a horse.

Susie Ramsay: 250-564-9114

Donna Allen: 250-963-6786

Stephanie Schacke: 250-961-7225

Megan Mueller: 250-640-1108
